

HOMEWORK INFORMATION

Completing homework is extremely important in third grade. You should expect to receive homework every Monday, Tuesday, Wednesday, and Thursday. On these days, you will normally:

- have a worksheet or other piece of “writing,”
- study your muscle words (5 minutes),
- practice your math facts (5 minutes), and
- read for at least 15 minutes in a pleasure book.

Each night these four things should take you between 30 and 45 minutes to complete. **Your parents should initial your homework planner EVERY NIGHT.**

Your homework is usually due the next morning and should be brought into the classroom and put on your desk so your table’s homework helper can collect it.

Homework is not usually assigned on the Friday or the weekend. Sometimes, you will be required to do projects on the weekend or you might need to finish up some work from class that you didn’t finish on time. If you completed all of your homework for the week, the weekend is for fun!

If your family has questions about this homework information, they should send me a note or an email so that we can discuss it.
